KPRC2
B.I.G. Love Cancer Care was established in February of 2007 in memory of five-year-old Brooke A. Phillips with one primary focus - to ease the childhood cancer journey. B.I.G. Love Cancer Care’s core mission is to meet the most vital and urgent physical, emotional, and financial needs of our pediatric oncology and hematology patients and their families through our 20 programs at six Texas-based hospitals and beyond.

Houston’s KPRC 2 is dedicated to our community and the fight against pediatric cancer. Proceeds from this coloring book will help B.I.G. Love Cancer Care support families of children undergoing treatment for pediatric cancer in Houston-area hospitals.
